Projects

Built a WebSite for my school

Oct 2023 – Nov 2023

- Work on the school website consists of Home, Library, Contact, Alumni, Gallery .
- This is not a static website, it has an enquiry form where details of students will be sent to school management and Alumni form to collect and store student details to send school updates.

Phishing Simulation

Mar 2023 – Mar 2023

- Phishing simulation is a program that organizations can use to send realistic phishing emails to employees in order to gauge their awareness of attacks and what to do with phishing emails when they receive them .
- We will send a carbon copy of a dummy site like instagram.com login page to get some rewards when we login, where the user details are captured to the database after hitting the login button .
